FOR VICE-PRESIDENT,
JAMES S. SHERMAN,
of New York.

FOR CONGRESS,
Hon. JOSEPH B. BENNETT.

AMERICAN wage earners on the Panama Canal are sending home their savings of about \$300,000 a month. That is one of the results of Secretary Taft's success as an employer.

IT WAS TACITUS, the Roman historian, who said of Mr. ROOSEVELT's Batavian ancestors: "Others go to battle; these go to war." Mr. ROOSEVELT is always at war and the Democrats cannot fight him with confetti and flowers. —New York World, Dem.

No, Grandma! But WILLIAM JENNINGS is a mighty warrior with his mouth. In this the Peerless Hot Air One divides honors with Mr. OLLIE JAMES of Ky.

If any Bryan man has more money than he knows what to do with, here's a chance to get rid of some of it—or to double it.

THE LEDGER is authorized to post these bets:

- \$100 that TAFT will carry New York.
- \$100 that TAFT will carry New Jersey.
- \$100 that TAFT will carry Connecticut.
- \$100 that TAFT will carry Indiana.
- \$100 that TAFT will carry Illinois.

The party to take all the bets. Come on; the money is waiting for you.

WHEN old Kentucky tries to convict a white lawbreaker she has an awful job. Witness the attempt at Lexington to convict lawyer CHARLEY BRONSTON, who shot at Colonel MILWARD. He got off with a light fine for the offense, and a Jury refused to fine him for carrying a pistol, whereas a Nigger would have been given the limit in half an hour.

SENATOR T. P. GORE, Democrat, of Oklahoma, now a Bryan spellbinder, in a speech delivered at Dallas, Texas, in 1896, said:

"The trouble with the Democratic party is it is a party of statesmen without statesmanship, patriots without patriotism, heroes without heroism. Their policy begets farmers without farming, laborers without labor, freemen without freedom.

"The Fifty-second Congress had a Democratic majority of 148, and if it redeemed a single pledge, observed a single promise, kept a single command or discharged a single obligation made to the people of the United States I will quit the stump and retire from the canvass.

"The Fifty-second Congress was elected on retrenchment and economy, the free coinage of silver and the repeal of the McKinley Law. In the matter of economy that Congress exceeded the Republican \$1,000,000,000 Congress by \$40,000,000."

SOMETHING EXTRA "NICE."

City Nephew—Now, what sort of a show would you like to see, uncle?
Uncle—Why, one of them kind that the Preachers go to every chance, to git material for their sermons agin' theaters.

After a residence in the county for several months Mr. and Mrs. E. N. Forsythe have returned to the city and taken rooms at the New Central Hotel.

This woman says she was saved from an operation by Lydia E. Pinkham's Vegetable Compound.

Lena V. Henry, of Norristown, Ga., writes to Mrs. Pinkham:

"I suffered untold misery from female troubles. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death.

"One day I read how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it. Before I had taken the first bottle I was better, and now I am entirely cured.

"Every woman suffering with any female trouble should take Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

NEW YORK CITY is consuming a glass and a half of beer now to each glass consumed four years ago.

Mr. K. Stickley will leave today for Tucson, Arizona, in the interest of the Kineodrome Picture Company.

All kinds of business is not as lively in Mayaville at the present time as everybody would like to see it.

Ban L. Bruner, Secretary of State, has arranged to go stamping through Illinois from the rear platform of a special train.

Mr. B. A. Wallingford is able to be out, after being housed for several days, suffering from a severe attack of rheumatism.

A New York tradesman of long experience says that the hardest persons to collect bills from, are those who have no money and those who have a great deal of money.

The Commissioner of Patents in his annual report says there were issued during the past fiscal year 41,952 patents, trade marks, labels and prints, as against 44,121 in the previous year.

Chagley Davis of the Fifth Ward is the possessor of a fine setter dog with a pedigree as long as the moral law. The dog is a present from Mr. Frank Bayless, and was shipped here from Alexandria, Va.

Lee Gray, 9-year-old son of Bertie Lee Williams, colored, was taken this morning by Policeman John Bradford to the House of Reform, near Lexington, where he will remain five years by order of Court.

In the little school district of Mariba, in the edge of Menifee county, four schoolhouses have been burned by incendiaries since the beginning of the school term in July, the last one being burned last Sunday night.

In the cases of the village of Ripley against John E. Lyons, Judge Parrott last week affirmed the decisions of Mayor Williams. The cases grew out of the arrest of Mr. Lyons for refusing to comply with the orders of Council in regard to a coal landing at Ripley.

At Richmond, Va., the first execution under the new statute of Virginia which substitutes electrocution for hanging, took place in the Penitentiary Tuesday. The man to suffer the penalty was Henry Smith, a Negro, convicted of assaulting an aged lady of Portsmouth, and robbery.

The American electorate is not divided into groups to be handed over to candidates bodily by masters. That is true of the labor vote, the capitalist vote, the Jewish vote, the Christian vote, the negro vote, the white vote. There is no Pretorian guard on the quarter deck of our ship of state.

The explorations of Traveler Bryan into the enemy's country are giving him vivid impressions of its extent and hostility.

Bryan will be convinced for the third time in November that this country has got the habit.

"One step upon another and the longest walk is ended." The steady progress of Mr. Taft toward the White House, however, is quickening beyond the speed of a walk.

Georgians should vote for Bryan, even though they do not favor him personally, for the sake of the integrity of the Democratic party in this state.—Macon (Ga.) Telegraph. There is faint Democratic support for you!

Bryan cries out for the organization of Democratic clubs. There are precincts where they could not officer, much less man, such an organization.

A congressman returned to President Roosevelt a hat inadvertently borrowed, but Mr. Roosevelt is content, as is the country, that Mr. Taft shall step in his shoes.

Speech is silver, but the golden truths uttered by Judge Taft will maintain parity and maintain Republican doctrine as the sound basis of political value.

It is instructive to observe thousands of wage earners whose votes Gompers has assumed to "throw" to Bryan march in the Taft processions.

A murdering Filipino has been sentenced to pay a fine and to be executed. His feelings much resemble those of a Democrat asked for a campaign contribution.

Political revolutions cast shadows before. The Republican west, golden with sunshine and fat with harvests, throws no sinister portent of departure from its happy union with Ohio and New York.

Bryan is as shy about his abandoned issues as are some stars in the theatrical firmament about the matrimonial alliances they have severed.

What a present this time would be if the Bryan political theories of the past had been put into practice!

The prosperous farmers of this country must be sadly puzzled as to what Bryan is talking about when he says they have been "neglected."

Peace, order, prosperity and continued independence—these are worthy ambitions that Republican policy in the United States holds out to the sister republics of the continent.

The voters like the course that the ship of state is traveling. They are not going to change the control of the rudder.

Danderine

EVERYBODY CAN HAVE BEAUTIFUL HAIR NOW, and they don't have to wait weeks and months for results either. You will notice marked improvement after the very first application.

Danderine is quickly and thoroughly absorbed by the scalp and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities. It is pleasant and easy to use—simply apply it to the scalp and hair once a day until the hair begins to grow, then two or three times a week till desired results are obtained.

A lady from California writes in substance as follows: "I have been using your wonderful hair tonic for several months and at last I am now blessed with a wonderful set of hair that measures over 31 inches in length; the braid is over 8 inches around."

Another from New Jersey: "After using sixth bottle I am happy to say that I have as nice a head of hair as anyone in New Jersey."

This Great Hair-Growing Remedy can now be had at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

Dr. W. C. Patton of Middleboro has moved into the cottage in West Fourth street, vacated by Dr. S. W. Stevens, who in a few days will move from this city to Oberlin, O.

Tuesday, while engaged in unloading street-car rails in the East End, Mr. Henry Childs had his forefinger on his left hand cut off by a crowbar falling on his fingers while he was gripping one of the heavy rails.

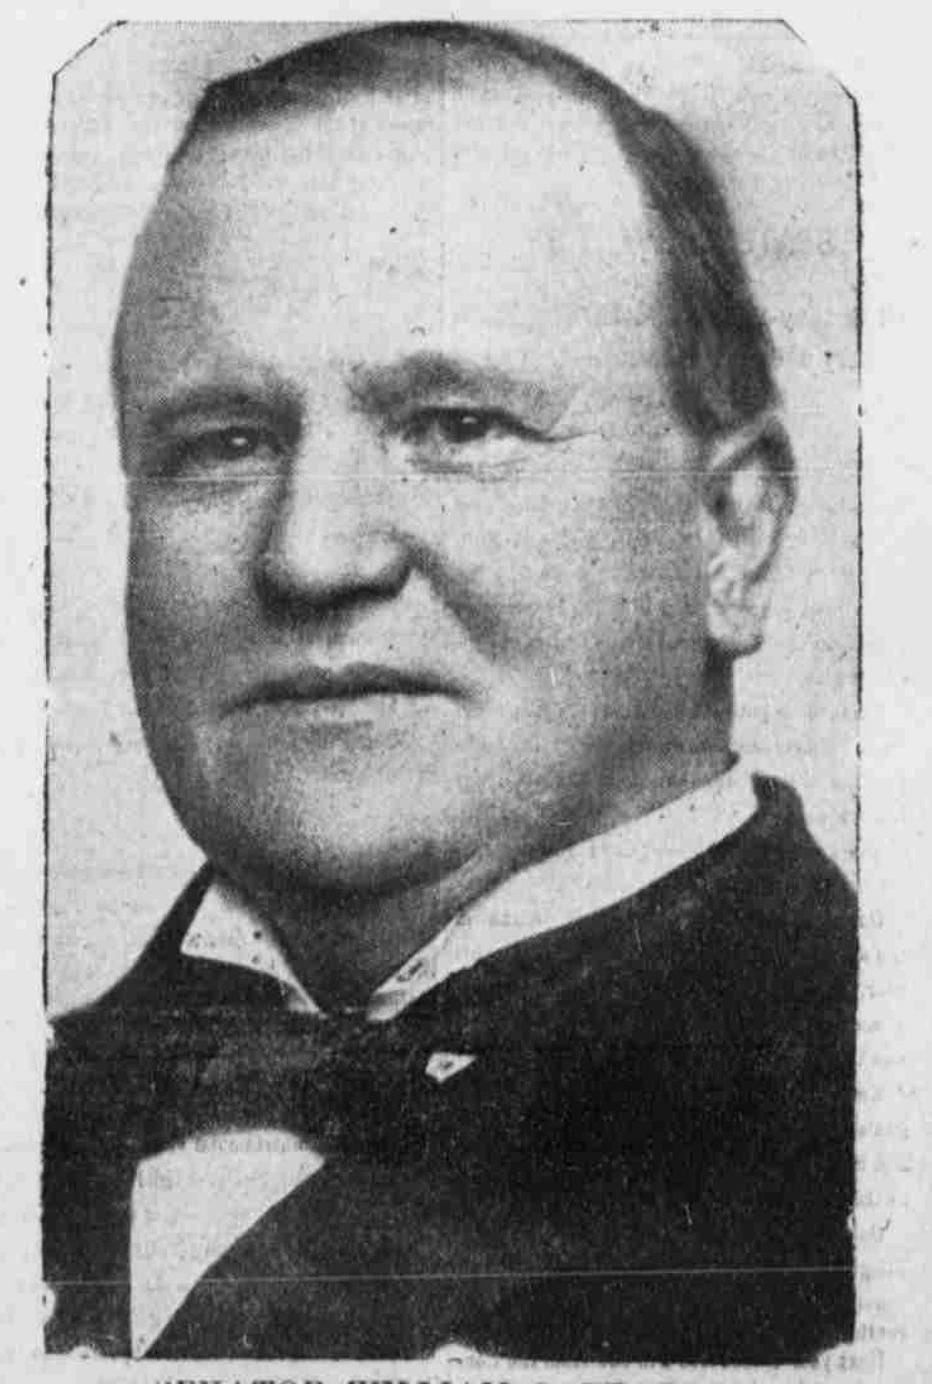

Yesterday an attachment, in favor of Contractor James Ireland of this city, was issued against the property of Shanahan & Co., railroad contractors, with headquarters formerly in this city. The amount said to be due Mr. Ireland is quite a snug sum, and having failed to secure a settlement he has resorted to the law to recover his debt. The articles attached consist of engine, derricks, wheel scrapers, tools, &c.

A gentleman of this city, while walking along Second street Tuesday, picked up a blank note book. On one of the pages, written in a bold Spencerian feminine hand, was the following refrain, evidently the effusion of some school girl:

O, dear Lord, look down upon us poor scholars. They sent a fool To teach this school, And gave him fifty dollars.
